HYBRID LEARNING SCHEDULE (50/50 split)

1st letter last name	Monday	Tuesday	Wednesday	Thursday	Friday
Blue A-J	in-person	virtual	Virtual Intervention & remediation	in-person	virtual
Red K-Z	virtual	in-person		virtual	in-person

The goal of hybrid learning is to ensure we have sufficient distancing between staff and students that are in person in an effort to minimize the impact of a single positive case. This model also ensures students have in-person access to teachers at least twice per week.
